Visual Identity

Primary Logotype

smooch

01

DESCRIPTION

The primary horizontal logo is the brand's main identifier, designed for versatility & consistent use across all applications.

Visual Identity

Primary Logotype

The image displays the primary logotype for the brand, which is the word "smooch" in a bold, pink, lowercase sans-serif font. The letters are thick and rounded, with a modern, clean aesthetic. The 's' is particularly stylized with a thick stroke. The 'm' and 'o's are also very bold, and the 'ch' at the end is simple and clean. The overall impression is one of a friendly, approachable, and modern brand identity.

01

DESCRIPTION

The primary horizontal logo is the brand's main identifier, designed for versatility & consistent use across all applications.

Visual Identity

Submark Logotype

01

DESCRIPTION

The submark serves as a simplified brand identifier for small-scale applications where the full logo would be impractical. Use this mark for the brand's Instagram profile picture, website favicon, and other compact digital or print placements requiring a clean, legible symbol at reduced sizes.
